CHAPTER I

1. INTRODUCTION

1.1 The Background of Study

Language is one of crucial tools of human beings to communicate to each another. Without language, people will never be able to communicate one another. People need language to communicate, to interact, and to get information from others.

According to Harmer (2007:13) language is used widely for communication between people who do not share the same first (or even second) language. It means that language can be a primary necessity in human life. It has a big role for every people in making good relationship with others.

Language is a means of communications. Through language, people can express their ideas, thought, and feelings. Hornby (1972:473) states that language is a human and non-intensive method of communicating ideas, feelings, and desires by means of a system of sounds and sound symbols. The language may represent the explicit and implicit feelings and thoughts. It can also be described as a vehicle of thought, because through language people can share or deliver what put in mind.

Language may refer either to the specifically human capacity for acquiring and using complex systems of communication, or to a specific instance of such a system of complex communication. The scientific study of language in any of its senses is called linguistics.
When we study about linguistic, we will know about semantics which study of meaning. In English we know that meaning have important position to study because it will give influence to someone to understand about speaker’s mean or how far some information can receive by listeners. For example, some lyric on the songs uses figurative language to make it more interesting and imaginative.

Figurative language is language using figures of speech (way of saying one thing and another meaning). It is related to the lyrics of songs that use figurative language. There are many types of figurative languages such as: metaphor, simile, symbol, hyperbole, personification, imagery, repetition, imagery, alliteration, metonymy, and assonance. This figurative language is well known in education start from elementary to university level.

In this study, the author is interested to analyze the songs because many figurative languages can be found on this song. Therefore, the author will discuss the figurative language found in song lyrics and try to classify and describe it.

CHAPTER II

2. REVIEW AND RELATED OF LITERATURE

2.1 Definitions of Figurative Language

This chapter covers definitions and theories which are related to support the subject. The writer has done some literature review in many sources such as books, journal and internet websites.

Language is important thing in human life, language also plays an important role in human communication. Without language we cannot communicate with each other. Language is a system of arbitrary vocal symbols used for human communication. There are two kinds of language: literal language and figurative language. In this paper, writer only explain about figurative language. Figurative language is a language which uses figures of speech. It is means that away a saying one thing and meaning another.

According to Knickerbocker and Renninger (1963: 367) state that figurative language is sometimes called metaphorical language, or simply metaphor, because its Greek ancestor "Metaphereien" means to carry meaning beyond its literal meaning (meta=beyond+pherin=to being-i.e., to bring beyond). They propose some kinds of figures, namely; simile, metaphor, personification, synecdoche, metonymy, hyperbole, irony, dead metaphor, allusion, paradox, and symbol.

According to Dale, et.all (1971:220) figurative language is beautiful words that are used to given an effect in way to make comparison between one thing to
another thing. He also says that the use of figurative language can raise a special connotation.

Figurative or figure of speech is not only used in the language of literature, such as drama, poetry, or prose but they are also alive in linguistics study or common usage in writing lyrics on song and daily speech. However, most people will directly consider the term figure of speech as a the term of literary study because it is mostly used as stylistic devices analyzing literary work. The most of the familiar figurative language wich will be analyzed in this study are some types including metaphor, simile, hyperbola and personification.

Based on defenition above, writer can conclude that figurative language has interesting power when put in lyrics song or speak orally because it is study many kind of figurative meaning. The composer can express their feeling by using figurative language in his song lyrics.
2.2 Types of Figurative Language

There are kinds of figurative language’s type, in this chapter, writer only explain types that are used for the study.

2.2.1. Metaphor

A metaphor is a comparison made between things which are essentially not alike. Statement that does not make sense.

Example: Her voice is music to his ears

Meaning: This implies that her voice makes him feel happy.

2.2.2. Personification

When something that is not human is given human-like qualities, this is known as personification.

Example: The piece of chocolate cake is calling my name

Meaning: Chocolate cake doesn’t have ability to call someone, this uses personification to express the feeling of desire and hunger.

2.2.3. Hyperbole

Hyperbole is a figure of speech which uses an extravagant or exaggerated statement to express strong feelings, often in a humorous way.

Example: I ate a ton of food for dinner.

Meaning: The person in this sentence isn’t really eating a ton of food, but he eats a lot of food that makes his stomach full. Word ton is an exaggerated.
2.2.4. Simile

Simile is a form of comparison in which one thing is compared to another unlike thing by using specific words of comparison like, as, and resembles.

Example: Jamie runs as fast as the wind.

Meaning: As fast as the wind is an equalizing, he isn’t really run like a wind, but he runs so fast.
2.3. Song Lyrics

Listening to music is one of comfortable activity. When people feeling sad, happy, or feeling bad, music can be an alternative for expression your feeling. We know that music is not complete without song. In music, song is a composition for voice performed by singing or alongside musical instrument. In every culture, song are composed and performed for different purpose.

According to Sharndama and Suleiman as cited in Akporobaro (2006) song assume a variety of forms, some of the song are rich, imaginative, and elaborated in the play of words, rhythm, and melody. There is one thing important in a part of song, it is called lyric. A lyric is a fairly short poem which is the expression of strong feelings of thoughts or perceptions of a single speaker in a meditative manner.

Lyrics of the song can be as the description of song’s writer expression to devote the feeling, thought, and the willingness. Therefore, lyric can be as the form to convey a message in communication. To understand the lyrics, people have to determine the speaker’s intention, which sometimes the composer is using figurative language on the song, therefore the listeners not only be able to enjoy the melody of the song but they can get more knowledge from interpreting the point of view on things in the world revealed through song’s lyrics.

CONCLUSION AND SUGGESTION

4.1 Conclusion

Figurative language is language that uses words or expressions with a meaning that is different from the literal interpretation. When a writer uses literal language, he or she is simply stating the facts as they are. After analyzing the figurative languages in Demi Lovato's selected songs, the writer concludes that each lyric really presenting the song. We might learn and understanding how the authors try to tell us about the story of a song. The dominant of figurative type that is used in the song lyrics is simile and the least figurative meaning used in the album is personification.

4.2 Suggestion

The researcher proposes some suggestion, but this does not mean that it has perfect finding. For the readers and the further researcher who are interested in analyzing literary works about song lyrics. It is suggested to understand the whole of song. Understanding the language style it will make them easier to catch the meaning, even the theme of the song. For the further researcher is hoped that this paper can be used as referenced to conduct another research on language style in other object.

1. Songs Lyric

1. Skyscraper

Skies are crying, I am watching
Catching teardrops in my hands
Only silence, as it's ending
Like we never had a chance
Do you have to make me feel like
There's nothing left of me?
You can take everything I have
You can break everything I am
Like I'm made of glass
Like I'm made of paper
Go on and try to tear me down
I will be rising from the ground
Like a skyscraper, like a skyscraper
As the smoke clears, I awaken
And untangle you from me
Would it make you, feel better
To watch me while I bleed?
All my windows still are broken
But I'm standing on my feet
You can take everything I have
You can break everything I am
Like I'm made of glass
Like I'm made of paper
Go on and try to tear me down
I will be rising from the ground
Like a skyscraper, like a skyscraper
    Go run, run, run
    I'm gonna stay right here,
    Watch you disappear
    Yeah-oh, go run, run, run
    Yeah, it's a long way down
But I am closer to the clouds up here
    You can take everything I have
    You can break everything I am
    Like I'm made of glass
    Like I'm made of paper, oh-oh
    Go on and try to tear me down
    I will be rising from the ground
Like a skyscraper, like a skyscraper
    (Like a skyscraper)
Like a skyscraper, like a skyscraper
2. Warrior

This is a story that I have never told
I gotta get this off my chest to let it go
I need to take back the light inside you stole

You're a criminal
And you steal like you're a pro
All the pain and the truth
I wear like a battle wound
So ashamed, so confused
I was broken and bruised
Now I'm a warrior
Now I've got thicker skin

I'm a warrior
I'm stronger than I've ever been
And my armor, is made of steel, you can't get in

I'm a warrior
And you can never hurt me again
Out of the ashes, I'm burning like a fire
You can save your apologies, you're nothing but a liar
I've got shame, I've got scars
That I will never show

I'm a survivor
In more ways than you know
'Cause all the pain and the truth
I wear like a battle wound
So ashamed, so confused
I'm not broken or bruised
'Cause now I'm a warrior
Now I've got thicker skin
I'm a warrior
I'm stronger than I've ever been
And my armor, is made of steel, you can't get in
I'm a warrior
And you can never hurt me
There's a part of me I can't get back
A little girl grew up too fast
All it took was once, I'll never be the same
Now I'm taking back my life today
Nothing left that you can say
'Cause you were never gonna take the blame anyway
Now I'm a warrior
I've got thicker skin
I'm a warrior
I'm stronger than I've ever been
And my armor, is made of steel, you can't get in
I'm a warrior
And you can never hurt me again
No oh yeah yeah
You can never hurt me again
3. Let It Go

You know it wasn't so long ago
When things weren't as we know
Back when I was younger and had a hunger
For all the things I didn't know
And I remember the day when
I went out to play
And I bird flew down to my hand
Didn't want to leave and
When I asked to keep
I remember my dad said
Yeah son let it go away
Hope that it comes back
Here to you some day
Just let it go away
And if it comes back
you know it's here to stay
Since then I've gone through changes
Since then I've gone through life
Since then I found me a beautiful woman
I thought could be my wife
She said she really loves me
But she said she couldn't stay
She said I've got to go my love
To find things my own way
So I let her go away
Hope that she comes back
Here to me some day
I let her go away
And if she comes back
I know she's here to stay
There's not always reasons for the things in life
But it's comforting to know within your mind
If you love something enough
And you've done all that you can
If there's one thing I have known and learned first hand
Sometimes you have to just let it go away
Hope that it comes back
Here to you some day
Just let it go away
And if it comes back
You know it's here to stay
Let it go away
And if it comes back
You know it's here to stay
Let it go
4. Made in the USA

Our love runs deep like a chevy
If you fall I'll fall with you baby
'Cause that's the way we like to do it
That's the way we like
You run around open doors like a gentleman
Tell me girl every day you're my everything
'Cause that's the way you like to do it
That's the way you like
Just a little West Coast, and a bit of sunshine
Hair blowing in the wind, losing track of time
Just you and I, just you and I
Woah, woah
No matter how far we go, I want the whole world to know
I want you bad, and I won't have it any other way
No matter what the people say,
I know that we'll never break
'Cause our love was made, made in the USA
Made in the USA, yeah
You always reading my mind like a letter
When I'm cold, you're there like a sweater
'Cause that's the way we like to do it
That's the way we like
And never ever let the world get the best of you
Every night we're apart, I'm still next to you
'Cause that's the way I like to do it
That's the way I like
We touch down on the east coast
Dinner in the sky rise, winter is the best time for walking in the city lights

You and I, you and I

Woah woah

No matter how far we go, I want the whole world to know

I want you bad, and I won't have it any other way

No matter what the people say,

I know that we'll never break

'Cause our love was made, made in the USA

'Cause baby I'll break the bullet

And take the blow for love

Woah, our love was made in the USA

Made in the USA, made in the USA

No matter how far we go, I want the whole world to know

I want you bad, and I won't have it any other way

No matter what the people say,

I know that we'll never break

'Cause our love was made, made in the USA

Made in the USA, yeah

Made in the U.S.

Made in the U.S.

Made in the U.S.A.
5. Heart Attack

Puttin’ my defences up

’Cause I don’t wanna fall in love

If I ever did that, I think I’d have a heart attack

Never put my love out on the line

Never said yes to the right guy

Never had trouble getting what I want

But when it comes to you, I’m never good enough

When I don’t care, I can play ’em like a Ken doll

Won’t wash my hair, then make ’em bounce like a basketball

But you make me wanna act like a girl

Paint my nails and wear high heels, yes you

Make me so nervous, that I just can’t hold your hand

You make me glow,

But I cover up, won’t let it show,

So I’m puttin’ my defenses up

’Cause I don’t wanna fall in love

If I ever did that, I think I’d have a heart attack

I think I’d have a heart attack

I think I’d have a heart attack

Never break a sweat for the other guys

When you come around, I get paralyzed

And every time I try to be myself

It comes out wrong like a cry for help

It’s just not fair

Pain’s more trouble than love is worth

I gasp for air

It feels so good, but you know it hurts
But you make me wanna act like a girl

Paint my nails and wear perfume, for you,

Make me so nervous, that I just can’t hold your hand

You make me glow,

But I cover up, won’t let it show,

So I’m puttin’ my defenses up

’Cause I don’t wanna fall in love

If I ever did that, I think I’d have a heart attack

I think I’d have a heart attack

I think I’d have a heart attack

The feelings got lost in my lungs

They’re burning, I’d rather be numb

And there’s no one else to blame

So scared I take off and I run

I’m flying too close to the sun

And I burst into flames

You make me glow,

But I cover up, won’t let it show,

So I’m puttin’ my defenses up

’Cause I don’t wanna fall in love

If I ever did that, I think I’d have a heart attack

I think I’d have a heart attack (heart attack)

I think I’d have a heart attack

Oh I think I’d have a heart attack

I think I’d have a heart attack
6. Gift of a Friend

Sometimes you think you'll be fine by yourself
'Cause a dream is a wish you make all alone
Its easy to feel like you don't need help
But its harder to walk on your own
You'll change
Inside
When you
Realize
The world comes to life
And everything's bright
From beginning to end
When you have a friend
By your side
That helps you to find
The beauty of all
When you'll open your heart and
Believe in
The gift of a friend
The gift of a friend
Someone who knows when your lost and your scared
There through the highs and the lows
Someone you can count on, someone who cares
Besides you where ever you go
You'll change inside
When you
Realize
The world comes to life
And everything's bright
From beginning to end
When you have a friend
    By your side
That helps you to find
    The beauty of all
When you'll open your heart and
    Believe in
    The gift of a friend
And when your hope crashes down
    Shattering to the ground
You'll, you'll feel all alone
When you don't know which way to go
And there's no signs leading you home
    You're not alone
    The world comes to life
    And everything's bright
From beginning to end
When you have a friend
    By your side
That helps you to find
    The beauty of all
When you'll open your heart and
    Believe in
    When you believe in
    You can believe in
