CHAPTER I

INTRODUCTION

1.1 Background of the study

Literature, most generically, is anybody of written works. There are two major schools and written of literature, oral abd written. Oral literature includes ballads, folklore, jokes, and fables that are passed down by word of mouth. Written literature includes poetry and novels, with subsections for fiction, prose, myth, short story and novel. More restrictively, literature refers to writing considered to be an art form or any single writing deemed to have artistic or intellectual value, often due to deploying language in ways that differ from ordinary usage. Describes the language definition language can be defined as a socially shared those combinations of symbols and rule governed those combinations of symbols (language can be defined as a socially acceptable code or conventional system for delivering concepts through the use of symbols and combinations of the desired symbols are governed by the provisions).

Literature can be divided into three kinds, such as drama, poetry and novel. Drama is a mode of fictional representation through dialogue and performance. Poetry is a collection of spoken or written words that expresses ideas or emotions in a powerfully clear and imaginative style. Poetry has a part like theme, meaning, and figure of speech. Theme is a topic that acts as a
foundation for a literary work, while a theme is an opinion expressed on the subject. Meaning is a purpose that contained in the literary works. Figure of speech is a phrase or word having different meanings than its literal meanings. It conveys meaning by identifying or comparing one thing to another, which has connotation or meaning familiar to the audience. That is why it is helpful in creating vivid rhetorical effect. CHAPTER II
REVIEW OF RELATED LITERATURE

2.1 The Theories of Meaning

The term “theory of meaning” has figured, in one way or another, in a
great number of philosophical disputes over the last century.

According to David Lewis wrote; the description of possible languages or
grammars as abstract semantic system whereby symbols are associated with
aspects of the world; the description of the psychological and sociological facts
whereby a particular one of these abstract semantic systems is the one used by a
person population. (Lewis 1970:19).

2.2 The Definition of Meaning

Meaning is an actual or possible derivation from sentence, which is not
associated with signs that have any original or primary intent of communication.
It is a general term of art used to capture a number of different senses of the word
“meaning”.

In another sense, the word “meaning” can be used to describe the internal
workings of the mind, independently of any linguistic activity. This sort of
meaning is deeply psychological. If we look for other uses we can find intent,
feeling, implication, importance, value, and signification. Since the negative form
“meaningless” challenges and would deny these uses, experts believe that
underlying them all are understanding and understandability.
According to Charles Morris, there are three types of meanings:
referential meaning (the relationship between signs and entities in the world),
pragmatic meaning (the relationship between signs and the users; it includes
identificational meaning, expressive meaning, associative meaning, social
meaning, and imperative meaning), and intralingual meaning (the relationship
between different signs; it includes phonological meaning, graphemic meaning,
morphological or lexemic meaning, syntactic meaning, and discoursal or textual
meaning).

2.3 The Definition of Song

Song is a single (and often standalone) work of music that is typically
intended to be sung by the human voice with distinct and fixed pitches and
patterns using sound and silence and a variety of forms that often include the
repetition of sections.

Hardjana (1983: 486) said that “songs are a variety of sounds rhythmic (in
speaking, singing, reading, etc.). Song is a part of music and music is one part of
art work. By therefore, it can be said that the song is an integrated rhythmic
sound with certain rhythms in rhythm, so that different types will appear songs,
like keroncong, dangdut, pop, and rock”.

Song has parts like composer, tone, melody, the singer, and the lyrics.
Composer is who created the song and the music. Tone is the use
of pitch in language to distinguish lexical or grammatical meaning – that is, to
distinguish or to inflect words. All verbal languages use pitch to express emotional
and other paralinguistic information and to convey emphasis, contrast, and other
such features in what is called intonation, but not all languages use tones to
distinguish words or their inflections, analogously to consonants and vowels.
Melody is the single most important element within a song. In everyday language,
this is the element we call ‘the tune’. In technical terms, however, the melody is a
series of pitches, or notes, that are organized to form a shape or pattern. Each
individual note is given a length determined by the rhythm of the melody, so we
might think of melody as ‘pitch plus time’. The singer who is singing the song.
The singer of a song can be solo, duo, trio, quartet or quintet. Lyrics
are words that make up a song usually consisting of verses and choruses. The
writer of lyrics is a lyricist.

The words to an extended musical composition such as an opera are,
however, usually known as a "libretto" and their writer, as a "librettist". The
meaning of lyrics can either be explicit or implicit. Some lyrics are abstract,
almost unintelligible, and, in such cases, their explication
emphasizes form, articulation, meter, and symmetry of expression. Song is also
used as an expression love and feeling through the lyrics contained in it.

2.4 The Definition of Love

Love is a very strong feeling of affection towards someone who you are
romantically or sexually attracted to. To understand love, we really need to
understand what prevents us from loving. When we believe our judgments about
someone, we can feel anger, disappointment, or resentment, or we can just feel
separate from that person. Erich Fromm (1983) about love says, "Love is an art
that requires knowledge and practice. Love is an activity and is not a passive influence. One of the essence of love is the presence of creativity in a person, especially in the aspect of giving and not receiving”.

Love is something that now in days is thrown around a lot but in the long run it means so much. it means that no matter what happens you will fight for one another and no matter what you won’t let each other go without putting up a fight. Love is not when you think that those tacos are the best things in the world it's when you know deep down that you could spend the rest of your life with them. Love hurts if it is not used responsibly and wisely. Love when you build up this wall in your heart for so many years and afraid to give your love to anyone but then when you find that person then you tear that wall down not knowing what will happen leaving yourself completely exposed not knowing weather they will take your love, betray you love, broken heart, jealousy and also be faithfully because of love.

2.4.1 The Broken Heart Love

One of the love type is broken heart love. It’s very important to know about broken heart love. Sternberg (1949) about broken heart love says, “Many type of love that we can know, the one of them is broken heart love. It can be happen to many people who feeling love. This the condition where in a relationship there is no commitment or desire. It’s the broken heart love”. So many types of love but the broken heart is very important to know. Everybody want to insult the broken love. In a relationship, the man and the woman just want to make their love perfect without something that through the broken
heart like jealousy, angry, or sad. The broken heart love can be happen
everytime and it can be happen if one of them cheating or leave them alone.

2.4.2 The Love Problems

Love is very something important in this life and everybody can feel the
love. There are many thing about love or love problems. Love problems is how
love occurs in a relationship. Many things happen like faithfulness, happy, or
broken heart. Broken heart is one of love problems. Many types of love problems
can be found in broken heart love. Erich Fromm (1956) about love problem that is
broken heart love says, “Everybody maybe can feel love without problem, but
there is something love problem and that is broken heart love. Broken heart love
is something feels like sadness, loneliness, jealousy, or angry”. The statement
from Erich Fromm can make us understand about love problem occurs in broken
heart love and it’s about something like sadness, loneliness, jealousy, or angry.

So who you been calling, baby, nobody could take my place
When you're looking at those strangers, hope to God you see my face

Say you want me
Say you want me
Out of your life

And I'm just a dead man walking tonight
But you need it, yeah, you need it
All of the time
Yeah, ooh ooh ooh

Youngblood
Say you want me
Say you want me
Back in your life

So I'm just a dead man crawling tonight
'Cause I need it, yeah, I need it

You push and you push and I'm pulling away
Pulling away from you
I give and I give and I give and you take, give and you take

You're running around and I'm running away

Is it bad, so bad

Is it weird that I'm drunken on my sofa?
Is it weird that I'm naked on my sofa?
All alone, damn, I wish I didn't know you
Is it weird, so weird
I know I'm the stupid one who ended it
And now I'm the stupid one regretting it
It took me a couple drinks to admit it
I know I'm the stupid one

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately
Or are you moving along?
Thinking 'bout you lots lately
Have you been filling empty beds just like me?
Thinking 'bout you lots lately
Or are you moving along?

Is it wrong if I ask you to come over?
Is it wrong if I tell you that I love ya?
Even though I'd never do it when I'm sober
Is it wrong, so wrong

I know I'm the stupid one who ended it
And now I'm the stupid one regretting it
It took me a couple drinks to admit it
I know I'm the stupid one

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately
Or are you moving along?
Thinking 'bout you lots lately
Have you been filling empty beds just like me?
Thinking 'bout you lots lately
Or are you moving along?

Scared of moving on, but you're already gone
So if you're moving on, won't you just tell me?

You'd tell me I'd be just fine  
I'll be just fine  
So I drown it out like I always do  
Dancing through our house  
With the ghost of you  
And I chase it down  
With a shot of truth  
Dancing through our house  
With the ghost of you  

Cleaning up today  
Found that old Zepplin shirt  
You wore when you ran away  
And no one could feel your hurt  
We're too young, too dumb  
To know things like love
But I know better now
(Better now)

So I drown it out like I always do
Dancing through our house
With the ghost of you
And I chase it down
With a shot of truth
Dancing through our house
With the ghost of you

Too young, too dumb
To know things like love

B. Songs Lyric of 5SOS in Youngblood album

Youngblood

Remember the words you told me, love me 'til the day I die
Surrender my everything 'cause you made me believe you're mine
Yeah, you used to call me baby, now you calling me by name
Takes one to know one, yeah
You beat me at my own damn game

You push and you push and I'm pulling away
Pulling away from you
I give and I give and I give and you take, give and you take

Youngblood
Say you want me
Say you want me
Out of your life

And I'm just a dead man walking tonight
But you need it, yeah, you need it
All of the time
Yeah, ooh ooh ooh

Youngblood
Say you want me
Say you want me
Back in your life

So I'm just a dead man crawling tonight
'Cause I need it, yeah, I need it
All of the time
Yeah, ooh ooh ooh

Lately our conversations end like it's the last goodbye
Yeah, one of us gets too drunk and calls about a hundred times
So who you been calling, baby, nobody could take my place
When you're looking at those strangers, hope to God you see my face

Youngblood
Say you want me
Say you want me
Out of your life

And I'm just a dead man walking tonight
But you need it, yeah, you need it
All of the time
Yeah, ooh ooh ooh

Youngblood
Say you want me
Say you want me
Back in your life

So I'm just a dead man crawling tonight
'Cause I need it, yeah, I need it
All of the time
Yeah, ooh ooh ooh

You push and you push and I'm pulling away
Pulling away from you
I give and I give and I give and you take, give and you take

You're running around and I'm running away
Running away from you, from you

Youngblood
Say you want me
Say you want me
Out of your life

And I'm just a dead man walking tonight
But you need it, yeah, you need it
All of the time
Yeah, ooh ooh ooh

Youngblood
Say you want me
Say you want me
Back in your life

So I'm just a dead man crawling tonight
'Cause I need it, yeah, I need it
All of the time
Yeah, ooh ooh ooh
Want You Back

Can't help but wondering if this
Is the last time that I'll see your face
Is it tears or just the fucking rain?
Wish I could say something
Something that doesn't sound insane
But lately I don't trust my brain
You tell me I won't ever change
So I just say nothing (say nothing, say nothing)

No matter where I go, I'm always gonna want you back
No matter how long you're gone, I'm always gonna want you back
I know you know I will never get over you
No matter where I go, I'm always gonna want you back
Want you back

I remember the freckles on your back
And the way that I used to make you laugh
'Cause you know every morning I wake up
Yeah I still reach for you
I remember the roses on your shirt
When you told me this would never work
You know even when I say I've moved on
Yeah I still dream for you

No matter where I go, I'm always gonna want you back
No matter how long you're gone, I'm always gonna want you back
I know you know I will never get over you
No matter where I go, I'm always gonna want you back
Want you back

You know even when I say I moved on
You know even though I know that you're gone
All I think about is where I went wrong

You know even when I say I moved on
You know even though I know that you're gone
All I think about is where I went wrong
Yeah I still dream for you

No matter where I go, I'm always gonna want you back

No matter where I go, I'm always gonna want you back
No matter how long you're gone, I'm always gonna want you back
I know you know I will never get over you
No matter where I go, I'm always gonna want you back
Want you back
Lie to Me

I saw you looking brand new overnight
I caught you looking, too, but you didn't look twice
You look happy
You look happy

Flashing back to New York City
Changing flights so you'd stay with me
Remember thinking that I got this right

Now I wish we'd never met
'Cause you're too hard to forget
While I'm cleaning up your mess
I know he's taking off your dress
And I know that you don't
But if I ask you if you love me
I hope you li-li-li-lie
Lie to me

It's three A.M. and the moonlight's testing me
If I can make it 'til dawn then it won't be hard to see
That I ain't happy
I ain't so happy

Flashing back to New York City
Changing flights so you'd stay with me
Problem was I thought I had this right

Now I wish we'd never met
'Cause you're too hard to forget
While I'm cleaning up your mess
I know he's taking off your dress
And I know that you don't
But if I ask you if you love me
I hope you li-li-li-lie
Lie to me

Singin'

And I know that you don't
But if I ask you if you love me
I hope you li-li-li-lie
Lie to me
Moving Along

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately

Is it bad that I'm hoping that you're broken?
Is it bad that I'm wishing you're still broken?
That you haven't found fish in the ocean
Is it bad, so bad

Is it weird that I'm drunken on my sofa?
Is it weird that I'm naked on my sofa?
All alone, damn, I wish I didn't know you
Is it weird, so weird

I know I'm the stupid one who ended it
And now I'm the stupid one regretting it
It took me a couple drinks to admit it
I know I'm the stupid one

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately
Or are you moving along?
Thinking 'bout you lots lately
Have you been filling empty beds just like me?
Thinking 'bout you lots lately
Or are you moving along?

Is it wrong if I ask you to come over?
Is it wrong if I tell you that I love ya?
Even though I'd never do it when I'm sober
Is it wrong, so wrong

I know I'm the stupid one who ended it
And now I'm the stupid one regretting it
It took me a couple drinks to admit it
I know I'm the stupid one

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately
Or are you moving along?
Thinking 'bout you lots lately
Have you been filling empty beds just like me?
Thinking 'bout you lots lately
Or are you moving along?
Scared of moving on, but you're already gone
So if you're moving on, won't you just tell me?
Scared of moving on, but you're already gone
So if you're moving on, won't you just tell me?

Thinking 'bout you lots lately
Have you been eating breakfast alone like me?
Thinking 'bout you lots lately
Or are you moving along?
Thinking 'bout you lots lately
Have you been filling empty beds just like me?
Thinking 'bout you lots lately
Or are you moving along?

Scared of moving on, but you're already gone
So if you're moving on
Are you moving along?
**Ghost of You**

Here I am waking up  
Still can't sleep on your side  
There's your coffee cup  
The lipstick stain fades with time  
If I can dream long enough  
You'd tell me I'd be just fine  
I'll be just fine

So I drown it out like I always do  
Dancing through our house  
With the ghost of you  
And I chase it down  
With a shot of truth  
Dancing through our house  
With the ghost of you

Cleaning up today  
Found that old Zeppelin shirt  
You wore when you ran away  
And no one could feel your hurt  
We're too young, too dumb  
To know things like love  
But I know better now  
(Better now)

So I drown it out like I always do  
Dancing through our house  
With the ghost of you  
And I chase it down  
With a shot of truth  
Dancing through our house  
With the ghost of you

Too young, too dumb  
To know things like love  
Too young, too dumb

So I drown it out like I always do  
Dancing through our house  
With the ghost of you  
And I chase it down  
With a shot of truth  
That my feet don't dance  
Like they did with you
